

WINTER

ENHANCE YOUR HOME'S WINTER SAFETY, PERFORMANCE AND VALUE

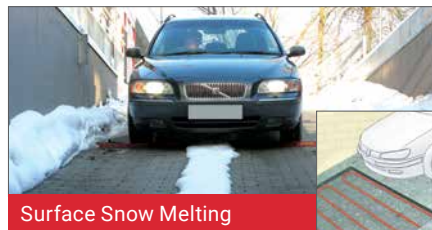

Roof and Gutter De-icing

nVent RAYCHEM Roof Ice Melt (RIM) system is our engineered, aesthetically elegant roof & gutter de-icing solution to prevent ice dams, icicles, and frozen gutter problems.

Benefits:

- Proven technology by market leader with best warranty in the industry
- Available in variety of colors and finishes for use with a variety of roof materials
- Protect your home with long-term, maintenance-free solution
- Safeguard people and property by preventing icicles and ice dams
- Protect your home from water damage, mildew and dangerous mold

Surface Snow Melting

RAYCHEM surface snow melting systems keep sidewalks, stairways and driveways free of snow and ice. Our product range allows you to choose the right solution for your application and budget.

Benefits:

- Prevent snow accumulation and provide safe access in and out of buildings, driveways or walkways
- No hazardous chemicals such as glycol required
- No backbreaking shoveling snow blowing, or waiting for plow service
- Increase building performance with energy efficient and environmentally friendly solution

Pipe Freeze Protection

RAYCHEM pipe freeze protection systems are flexible and easy to attach to the exterior of the pipe to keep pipes from freezing, bursting, and causing water damage. Our home systems offer simple pre-assembled plug-in kits or easy-to-install cable for water pipe freeze protection.

Benefits:

- Protect your pipes and your home from water damage
- Save energy with self-regulating cables that put out the precise amount of heat output when you need it
- Safeguard from the inconvenience of being without water
- Available for dry or wet areas on plastic or metal pipes

If you love winter as well, and want to keep your project winter safe, check out what we can do for you.
