

nVent CADDY Low Voltage Accessory Clip

CONNECT AND PROTECT

NVENT CADDY EXPANDS DATACOM FAMILY OF PRODUCTS

The nVent CADDY Low Voltage Accessory Clip (LVAC) allows you to isolate and secure cable to the bottom or side of an existing pathway without rethinking the wire tray path. Like all nVent CADDY products, the LVAC is engineered to be:

- SAFER with tool-free installation
- FASTER install by 50 percent as it connects to existing basket tray
- EASY to accommodate more cable on the existing pathway

When there is no other pathway for the growing amount of cable that must be accommodated in a building, our LVAC is the answer.

The nVent CADDY Low Voltage Accessory Clip is the newest product in the Data Center and Network Solutions (DNS) and cable pathway management solution including: nVent CADDY Spring Steel, nVent CADDY Universal Tray Support (UTS), nVent CADDY Telescoping Strut Replacement and nVent CADDY Wire Basket Tray and Support.
