

Features

- Are ideal for parallel pipe runs
- Provide center-to-center distance of 60 mm
- Easily adjust the distance to structure within a 13,5 mm stroke
- Feature multihead screws (M6) for easy access with multiple tools
- Offers a strong hold with reinforcement ribs
- Allow single-screw attachment with slotted hole 16 x 8,5 mm
- Available with white rubber insulation and electro-galvanized finish

Duplo pipe clamps are an easy-to-use support for parallel pipe runs along walls and ceilings in heating and plumbing applications. The two-piece pipe clamps are attached by a multihead screw and nut to a strong U-bow. The center-to-center distance is fixed at 60 mm and the distance to the structure can be adjusted within a stroke of 15 mm. A slotted hole on the bow allows for easy adjustment and fixation of the pipe clamp to the structure.

The pipe clamp halves are serrated to help ensure proper alignment during installation. Two sizes are available with a white rubber inlay for sound reduction. The steel parts on the Duplo pipe clamps feature an electro-zinc plating to provide superior corrosion protection.

Item No.	Description	Nominal Pipe Ø	Outer Pipe Ø	Sound Insulation
596040	DUPLO NI 15 mm		15 mm	No
596041	DUPLO NI 22 mm	1/2"	22 mm	No
596042	DUPLO NI 28 mm	3/4"	28 mm	No
596043	DUPLO 15 mm WE		15 mm	White
596044	DUPLO 22 mm WE	1/2"	22 mm	White
