

VME20124CR5

Mild steel combinable version, single door enclosure

The mild steel single door floor standing enclosures sets new standards when it comes to strength and ease of use. From the moment our enclosures arrive in the panel shop, the advantages are plain to see. It's delivered on a pallet of exactly the same size so that it can be combined before the pallet is removed, and the mounting plate is on the outside so you can begin work immediately.
